Dear Inspire Dealers / Retailers,

The Corona Virus is causing governments around the world to ask folks to stay in their homes. Health Clubs are closed, and people still want to work out, which is driving home fitness sales through the roof!! Customer's around the world are asking me "Do you have any stock available". Last night USA dealers started placing container orders from the China Inspire Warehouse which will deplete stock fast.

I want to make sure you have stock in May - July and I **highly recommend** that you place orders today for this time period. We are hoping by July the factory will be back up to 100% and catching up on orders by then.

Don't wait – it may be too late!!

URGENT MESSAGE PLEASE READ
